On February 20, 1918, the United States attorney for the District of Columbia, acting upon a report by the health officer of said District, filed in the police court of the District aforesaid an information against W. Clements Jester, Alexandria, Va., alleging shipment by said defendant, in violation of the Food and Drugs Act, on January 17, 1918, and February 4, 1918, from the State of Virginia into the District of Columbia, and the introduction into said District, of quantities of cream which was adulterated.

Adulteration of the article in each shipment was alleged in the information for the reason that it contained less than 20 per cent of butter fat.

On February 20, 1918, the defendant entered a plea of guilty to the information, and the court imposed a fine of \$25.
