On August 13, 1920, the United States attorney for the Middle District of Tennessee, acting upon a report by the Secretary of Agriculture, filed in the District Court of the United States for said district a libel for the seizure and condemnation of 1 dozen packages of Madame Dean Female Pills, remaining in the original unbroken packages at Nashville, Tenn., alleging that the article had been shipped by Martin Rudy, Lancaster, Pa., on or about May 20, 1920, and transported from the State of Pennsylvania into the State of Tennessee, and charging misbranding in violation of the Food and Drugs Act, as amended. The article was labeled in part: (Box and wrapper) "Female Pills * * * give relief in Female Disorders of the Menstrual functions. * * * for Painful, Irregular and Scanty Menstruation;" (booklet) "* * * irregular, prolonged, or suppressed menstruation. * * * Female Pills afford relief for these ailments. * * * a remedy intended solely for the relief of Amenorrhoea, dysmenorrhoea, scanty and irregular menstruation, and other derangements of the reproductive system, * * * especially valuable in the functional changes * * * of the menopause or change of life. * * * act on the circulatory system of the uterus, thereby relieving painful, irregular and scanty menstruation, and assist in re-establishing or restoring, the menstrual or monthly periods. * * * strengthen and build up the uterine functions;" (circular) "* * * a great relief against those general complaints the Female Sex is subject to; they help increase the vital quality of the blood; assist to bring nature into its proper channel, * * * for irregular, painful, scanty or suppressed menstruations, * * * should be taken * * * to assist nature with * * * disorders * * * during the change of life period. * * * Continue with the treatment until they give relief. * * * great relief from Pains or Headache; * * * for suppressed Menstruation, * * * continue their use until relieved * * * take * * * until the menstrual flow commences again."

Analysis of a sample of the article by the Bureau of Chemistry of this department showed that the pills consisted essentially of quinine, aloes, ferrous sulphate, senecio flowers and herb, ginger, and cornstarch.

Misbranding of the article was alleged in substance in the libel for the reason that the above-quoted statements, regarding the curative and therapeutic effects thereof, were false and fraudulent in that the product contained no ingredient or combination of ingredients capable of producing the effects claimed.

On March 2, 1921, no claimant having appeared for the property, judgment of condemnation and forfeiture was entered, and it was ordered by the court that the product be destroyed by the United States marshal.
