CEREAL PRODUCTS**FLOUR**

Nos. 4251 to 4289 report the seizure and disposition of flour that had been shipped in interstate commerce and was in interstate commerce at the time of examination, at which time it was found to be insect-infested. In most instances the time of contamination was not determined.

4251. Adulteration of flour. U. S. v. 2 Bags and 10 Bags of Flour. Default decree of condemnation and destruction. (F. D. C. No. 8316. Sample Nos. 25217-F and 25218-F.)

On September 12, 1942, the United States attorney for the Eastern District of North Carolina filed a libel against 12 98-pound bags of flour at Washington, N. C., alleging that the article had been shipped in interstate commerce within the period from on or about March 29 to on or about May 8, 1942, by Ballard & Ballard Co., from Norfolk, Va.; and charging that it was adulterated in that it consisted in whole or in part of a filthy substance. The article was labeled in part: (Bag) "Blue Grass [or "Burgundy Rose"] Self-Rising Flour Bleached * * * Pioneer Mills * * * Louisville, Ky."

On December 11, 1942, no claimant having appeared, judgment of condemnation was entered and the product was ordered destroyed.
